1) Click on Arizona State Library databases and log in using your zip code:

![Login Screen](image1.png)

2) Click on EBSCOHost:

![EBSCOhost Databases](image2.png)
4) Select all databases:

5) Scroll down to the bottom of the webpage and click on Continue.

6) Click on Advanced Search.
7) Type in keywords (main words) into the boxes: (1) Capitol; (2) “Arizona State Capitol”; (with quotes); (3) 1070 or protest* (with *) in the search boxes and click on Search:

The * sign is for singular and plural. The search is looking for 1070 and protests at the same time.

You can replace 1070 or protest* with another word or phrase. For example, instead of 1070 or protest* you can insert only 1070 or only protest* or any other event that took place at the Capitol.

8) There will be many results from Arizona Capitol Times newspaper that are not relevant to the topic because they contain the words Arizona and capitol. To avoid these results, click on Add Row at the bottom right, and type in Arizona Capitol Times in the new box.

9) View results (full-text articles):
